

THURROCK BOARD MEETING

26 August 2016

Title of Report: Patient, Public and Carer Engagement.

Author:	Liv Corbishley
Presented by:	Liv Corbishley
Committees previous consulted:	Commissioning Reference Group (CRG)
Executive Summary:	<p>General PPI for noting:</p> <ul style="list-style-type: none"> • No CRG since the last update, the next one will take place in November with a change in time and location to encourage more to attend. • Work continues to increase low attendance to the CRG internally by the CCG. • I am currently building up contact with local groups, focusing on the over 50's this month. I'm also visiting local communities to get a more rounded view of the issues and concerns of residents. • I have also been looking at other forms of engagement and speaking with other CCG's about their engagement and what they have found successful including Wolverhampton and Surrey Downs. • The East Tilbury and Corringham branch closures have seen a challenging period of patient engagement for the CCG. I am assured that we have responded to concerns and are moving towards finding solutions for those patients without a GP. • The strategy for patient and public communication and engagement for TCCG is now in draft form.
Recommendation to the Board:	Nil
Financial Implications:	Nil
Fit with CCG strategy/objectives:	Patient, Public and Carer Engagement
Risks identified:	None
Resource Implications:	Nil
View of the Patients Carers or the	Per items in summary.
