# • **Mayflower Healthcare Alliance Contract**

- Mayflower Healthcare Alliance (MHA) now provides Advice and Guidance service for the following services:
  - 
  - Community Dermatology including Acne Clinics
  - Community Urology Including Annual Cystoscopy Checks
  - Community Gynaecology
  - Community Neurology (Headache Clinic)

- **Mayflower Healthcare Alliance Contract**
- Advice and Guidance (A&G) provides an educational resource for GPs and reduces the risk of referrals being redirected or rejected ensuring the patient is seen by the correct service. In some cases the advice provided may prevent a referral to secondary care and enable the patient to be managed in a community setting.
- GPs are able to requests specialist advice on:
  - Treatment plans and the ongoing management of a patient
  - The appropriateness of a referral for their patient (e.g. whether to refer)
- Identification of the most clinically appropriate service to refer a patient into.

# NHS Diabetes Treatment & Care Programme Transformation Funding

- Thurrock CCG has received confirmation of additional funding from NHSE to increase uptake of Structured Education (SE) and improve achievement of the Three Treatments Targets (3TT) for Diabetes
- The CCG has Introduced ECLIPSE as a management support tool for GP practices to identify, manage and monitor patients against the national 8 care process (including the 3TTs). The funding for achievement of 3TT will be used to ensure support are available to practices to help with active medication reviews and sign post patients with diabetes to relevant support services.

*Vision Statement: The Health and care experience of the people of Thurrock will be improved as a result of our working effectively together.*

# Thank you
